

1. Prevent the tank from driving off-screen.
2. Lose if you hit the “Save Me” with a bullet.
3. Add a title, the instructions and a background color to the HTML body.
4. Add 1 other “Save Me” (total of 2) when the game starts and they should all be rescued to win.
5. Accumulate a score through each game won.
6. Add a feature of your choice
